

WELCOME TO WLU'S GREEK COMMUNITY

Congratulations on your decision to join a Greek organization! It will be a great experience, that will give you many wonderful memories. Being in a sorority or fraternity will allow you the opportunity to make new friends, get involved on campus, and develop leadership skills.

You're encouraged to get involved with your chapter, and not just attend meetings. Take on leadership positions to help yourself and your organization grow. Make an effort to get to know the people in the other chapters.

Remember that when you wear your letters or your badge you are representing Greek members everywhere, so take that opportunity to show everyone the positive aspects of Greek Life. Being Greek is about recognizing our similarities while embracing the fact that we are all different and unique.

WLU GOVERNING BODIES

Panhellenic and IFC are the governing bodies for all the recognized sororities and fraternities on the West Liberty University Campus. The focus of the councils is to maintain and strengthen Greek relations as well as promote superior brotherhood, sisterhood, scholarship and leadership amongst its members.

Greek Council helps promote a united community through hosting social events, fundraisers, and community service. During an academic year, our greek organizations annually donate over \$10,000 to their local/national philanthropies & performed many hours of community service throughout the Wheeling area!

The Executive board of each council is voted into office by the recognized organizations in good standing with the University. Elections take place at the end of every spring semester. All the positions are held for a full academic year.

HAZING

West Liberty University has established clear policies regarding hazing and will investigate any suspicions of hazing by an individual or organization. Every semester the Office of Student Life presents a seminar to all new members.

If you are being hazed or you are aware that hazing is taking place, please contact the Office of Student Life at x8580.

Are You Unsure If It's Hazing?

- Does this activity add to the worth and growth of the individual?
- Would you be willing to invite your organization's advisor, a faculty member, or parent to the activity?
- Would you be willing to go to court to defend the merit of this activity?
- Is this an activity in which new members and initiated members can participate equally?

If you answered **NO** to any of these questions, it is **HAZING!**

Please remember that you were asked to join the organization, you should not have to prove yourself by being hazed.
