

WHY STUDY ABROAD?

Study abroad is growing at West Liberty University! Life-changing, global learning offers a chance to see the world and gain perspective first hand. It builds self-confidence and expands your world in a real life way. Plus, study abroad is a resumé booster that appeals to employer and graduate school programs. Best of all, it's a deeply fulfilling way to make friends, experience other cultures and earn academic credit that you will never forget!

HOW TO CHOOSE A STUDY ABROAD PROGRAM

ACADEMICS

Study abroad programs offer credits toward graduation. If your goal is to graduate on schedule, we can help you choose a program with as many courses in your major as possible. Many outstanding universities conduct their courses in English!

LANGUAGE

Have you already studied a foreign language? Do you want to learn one? Many WLU overseas programs offer intensive language study.

DESTINATION

Is there a place that is calling to you? Do you yearn to spend time somewhere tropical? Or mountainous? We can help you get there.

INTERNSHIPS

Do you want to gain valuable work experience while taking the journey of a lifetime? Many of our programs offer competitive internship placements that will benefit you (and your resume) into the future.

FINANCING STUDY ABROAD

PLAN AHEAD

We recommend planning your trip at least one year in advance. This not only helps with academic planning, it also gives you time to save money and to apply for aid and scholarships.

CONSIDER MULTIPLE LOCATIONS

Students are often surprised to discover that some destinations cost about the same as remaining at WLU. Talk to the study abroad coordinator if you want to go abroad and your first priority is keeping costs down.

TALK TO THE FINANCIAL AID OFFICE

Students often use state and federal financial aid to pay for study abroad expenses. Talk to an aid counselor to determine your eligibility.

"The journey of a thousand miles begins with one step."
